

# RITE NOW @ ROP

---

## **In Celebration of the Westwater Wellness Center**

Charles Westwater served as the President of the Adolescent Treatment Centers and Schools Board and was an advocate for mental and behavioral health services and treatment for adolescents. During his time, he deeply touched the lives of youth and made an everlasting change within Rite of Passage.

On October 3rd, ATCS board members, family and friends of Mr. Westwater, community partners and the ROP team honored the footprint that Mr. Westwater has left behind. With an open-house celebration and ribbon cutting ceremony at Sierra Ridge Academy the newest remodeled building on campus opened doors and will now serve youth under the name “Westwater Wellness Center” in recognition of Charles Westwater.
